

**Spring 2024 FPAW Meeting  
Travel Logistics**

The Spring 2024 FPAW Meeting will take place in the Wings 1 Conference Room, Wings Building, on the campus of Southwest Airlines in Dallas, TX. It is located just off the SW corner of KDAL. The address of the meeting room is 2195 Research Row, Dallas, TX 75235.

A map of the facility is shown below. Note that the only entrance that will be accessible to non-Southwest Airlines registered In-Person attendees is the Research Row gate (red circle) via personal car, rental car, hotel shuttle, taxi, Uber, Lyft, or on foot. There should be plenty of parking available for those driving to the meeting.

**\*\*Registered non-Southwest Airlines In-Person attendees will receive an email from SWA.VisitorMgmtAdmin@wnco.com containing a bar code. You should print out this email and present it to the security folks at the Research Row gate to gain expedited entry into the facility.\*\***

Non-Southwest Airlines registered In-Person attendees planning to use the city's rapid transit system (DART) should note that, despite the fact you will be able to see the Wings Building a few hundred yards from the Burbank DART station (yellow shading), it is 1.2 miles on foot from the station entrance/exit to the Wings Building via the Research Row gate (blue dots), which will be the only way to access the facility.
